

- My first story idea is an interview with the Dean of Education and Professor of Bilingual Education, Carlos Martinez. I want to be able to learn more about Doctor Martinez and his journey to Texas Wesleyan, as well as bring to attention the importance of Bilingual Education and the details of his work.
- My second story idea is to interview the Associate Professor of Education and Director of Doctoral Programs, Celia Scott. I want to delve deep into Doctor Scott's role at Texas Wesleyan and offer more insight into the doctoral programs. I believe the opportunity to pursue a doctorate is something more students should be aware of.
