Dear Dr. Hicks,

Please accept the attached resume and this cover letter as my indication of interest in the open position of 11th Grade English Language Arts Instructor and Offensive Line Coach at Byron Nelson High School. I found out about this job through one of my mentors and former coaches, Brian Brown, who is also the Defensive Line Coach at Byron Nelson. I also verified of its opening through the district website. I graduated from Byron Nelson High School in May of 2019, and graduated from Texas Wesleyan University, with a Bachelor's of Sciences in Mass Communication. I am excited and anxious to return to my alma mater to coach and teach at a school I love deeply. I am very pleased with the growth of the campus and how efficiently the school and its football program are operating at.

As my resume shows, I have extensive experience in the operations of a football program. I was previously a member of the football team at both Byron Nelson High School and Texas Wesleyan University, lettering and playing on the defensive line. My daily work included individually reviewing film and game plans, taking part in practices as both a scout team player and a regular rotation player, participating in team lifting sessions, and also going to the training room for injury recovery and prevention. I also obtained a degree that is in Mass Communications, so I have plenty of experience and education in writing. From these experiences, I am positive I am ready to return and coach and teach at Byron Nelson, dedicating myself in and out of school to my students, players, and the rest of the Byron Nelson faculty.

I am eager to continue the winning tradition on and off the field at Byron Nelson. I hope that you will afford me the chance to give back to the institution that gave so much to me. Thank you for your time and consideration.

My best regards to you,
